

PRP AFTER-CARE INSTRUCTIONS

You can shower and wash hair using warm/hot water using any shampoo.

Do NOT take Motrin, Advil, or Aleve for the first 24 hours after treatment.

You can take Tylenol for any pain or discomfort.

Do NOT use any topical hair growth creams (Rogaine, minoxidil, etc.) on your scalp.

Do NOT attempt to color your hair for the first 48 hours after treatment.

Limit sun exposure to your scalp for 48 hours by avoiding the sun or wearing a hat.

A copy of these instructions can be found on our website www.camelbackwomenshealth.com, if needed.
